

A COLLABORATIVE APPROACH TO THE TREATMENT OF PREGNANT WOMEN WITH OPIOID USE DISORDERS

This publication provides:

- ❖ An overview of the extent of opioid use by pregnant women and the effects on the infant
- ❖ Recommendations for treatment approaches from leading professional organizations based on evidence-based practices
- ❖ An in-depth case study, including ideas that can be adopted and adapted by other jurisdictions
- ❖ Needs and gaps analysis tools for priority setting and action planning

Practice and Policy Considerations for Child Welfare, Collaborating Medical, and Service Providers
