RI Strategic Plan

Levels of Care

Levels of Care

LEVEL 3

1. Follows discharge planning per law
2. Administers standardized substance use disorder screening for all patients
3. Educates all patients who are prescribed opioids on safe storage and disposal
4. Dispenses naloxone to patients at risk, according to clear protocol
5. Offers peer recovery support services
6. Provides active referral to appropriate community provider(s)
7. Complies with 48-hour reporting of overdose to RIDOH
8. Performs laboratory drug screening that includes fentanyl on patients who overdose

LEVEL 2 Meets all criteria of Level 3 and:

1. Conducts comprehensive, standardized substance use assessment
2. Maintains capacity for evaluation and treatment of opioid use disorder using support from addiction specialty services

LEVEL 1 Meets criteria of Level 3 and Level 2 and also:

1. Maintains a Center of Excellence or comparable arrangement for initiating, stabilizing, and re-stabilizing patients on medication assisted treatment
 - Ensures transitioning to/from community care to facilitate recovery
 - Evaluates and manages medication assisted treatment

48-Hour Overdose Reporting

Rhode Island Opioid Overdose Case Report

Please report all cases of suspected opioid overdose to the Rhode Island Department of Health within 48 hours.

Patient medical record number *

Must be between 1 and 11 characters. *Currently Used: 0 characters.*

Patient city or town of residence *

Patient gender *

Patient age *

Patient race (self reported) *

Patient ethnicity (self reported) *

Does the patient self report to be gay, lesbian, bisexual, and/or transgender? *

In what city/town did the overdose occur? *

We all have a role to play in ending
Rhode Island's overdose crisis.

Emergency departments (EDs) across Rhode Island treat patients for overdose

Under regulation **R23-1-OPIOID**, the Department of Health requires every health professional and hospital in Rhode Island to report all opioid overdoses or suspected overdoses within 48 hours. The data shown below reflect cases submitted to this anonymous 48-hour reporting system since January 2016.

Implementation

- 6 Level 1 Hospitals
- 1 Level 2 Hospitals
- 2 Level 3 Hospitals
- 2 Applications in process

Challenges & Opportunities

- Stakeholder engagement
- 48-hour reporting
- Naloxone cost
- Availability of MAT
- Stigma

Next Steps

- Improve efficiency and timeliness of data surveillance
- Full implementation
- Evaluation
