

DDDS Advisory Council

Member: Brian Hall, MSW

Brian is the Executive Director of Autism Delaware Inc., the preeminent statewide autism organization in Delaware. Prior to joining Autism Delaware, he returned to Andrus Children’s Center, located in Yonkers, New York. He assumed the role of Division Director for Campus Services, leading the selection, training and supervision of over 200+ campus staff and the safe and effective operations of Residential, Educational, Clinical, Admissions and Health Programs. Earlier in his career, he served as the founding Director for Community Services. He has also served as the Executive Director of West Virginia Operations at The Board of Child Care. Brian holds a Bachelor of Science from Juniata College, a Master’s in Social Work from Fordham University, as well as a Certificate in Nonprofit Management from the University of Michigan in collaboration with the Alliance for Children and Families. Brian and his wife, Shebra, have two children, Sydney and Trent, two cats named Spike and Spark and a fish they call “Big Fish”.
