The U.S. Department of Health & Human Services, Office of the Assistant Secretary for Planning and Evaluation announced the 2023 Federal Poverty Level (FPL) guidelines on January 12, 2023. The Federal Poverty Level guidelines are used to compute income eligibility standards for:

DISCUSSION

The monthly countable income limits are effective January 1, 2023 for parents/caretaker relatives, pregnant women, infants, children, adults, Delaware Healthy Children Program, and QDWIs. The income limits are effective April 1, 2023 for QMBs, SLMBs, and QI-1s, who have Title II income.

- Parents/Caretaker Relatives must have family income at or below 87% of poverty.
- Pregnant women and infants under age 1 must have family income at or below 212% of poverty. Pregnant women count as 2 (or more) family members.
- Children age 1 through age 5 (under age 6) must have family income at or below 142% of poverty.
- Children age 6 through age 18 (under age 19) must have family income at or below 133% of poverty.
- Adults must have family income at or below 133% of poverty.
- Children in the Delaware Healthy Children Program must have income at or below 212% of poverty.
- A QMB must have income at or below 100% of poverty.
- A SLMB must have income at or below 120% of poverty.
- A QI-1 must have income that is over 120% of poverty but does not exceed 135% of poverty.
- A QDWI must have income at or below 200% of poverty.
- For a family size greater than 8, add \$5,140.00* to the annual income for each family member.
- The 5% FPL Income Disregard is used when determining eligibility for an individual who is over income under a MAGI-based group using the highest income standard available for the individual.
- The tax filing thresholds for dependents are published annually in IRS Pub 501. The thresholds are updated in ASSIST Worker Web to be effective starting in January each year. Single dependents are required to file a tax return if any of the following apply:
 - Countable MAGI based unearned income more than \$1,150.00 annually
 - Countable MAGI based earned income more than \$12,950.00 annually
 - Countable MAGI based self-employment income more than \$400.00 annually

The charts below show the income limits for the various medical assistance programs and the premium amounts for the Delaware Healthy Children Program.

ACTION REQUIRED

The new income limits will be updated in the eligibility system with the appropriate effective dates.

The eligibility system will identify any cases that were denied or closed due to income between adverse action in December 2022 and the date the new income limits are put into production. Staff will receive a report of these cases and will need to run eligibility for these cases.
