Q & A

Project Updates

- EVV is live as of 12/30/2022
 - Providers using an alternate EVV should begin sending their visit data if they have not done so already
 - Providers using the Sandata solution for their visit collection should begin doing so
 - Please note that we have no data from providers using the Sandata solution for visit collection.
- Providers are in various stages of adoption of EVV
- In preparation for the matching of claims to visit data, providers must begin submitting visit data by April 15, 2023

Project Updates

- Registration with Sandata
 - All providers who provide services subject to EVV must register with Sandata by March 1, 2023
 - During the registration process providers will identify if they are using their own alternate EVV system or if they are using the Sandata solution
 - The steps for this process have been shared previously and can be found in the slides from the December and January forums.

Project Updates

- Some providers have registered with Sandata but have not entered Direct Service Workers into the Sandata system
 - Providers who are using the Sandata system for visit collection must enter their workers into the system
 - This activity must be complete by April 1, 2023

Project Updates

- All providers who are utilizing an alternate EVV system must submit and have approved an alternate EVV user attestation form by March 15, 2023.
- The form is available at https://dhss.delaware.gov/dhss/dmma/info_stats.html
- Email completed forms to DHSS_DMMA_EVV@delaware.gov

Project Updates

- Some providers who have registered with Sandata have not completed training.
 - All providers must complete all required training by March 15, 2023
- Instructions for training is available at:
